

RHP 008 Abu Simbel Tour

Abu Simbel, possibly the most awe-inspiring temple of all ancient Egypt, with its gigantic rock-cut façade, was created to revere the mighty ruler Ramses II. Guarding the entrance to the temple, the 4 colossal statues of Ramses II sit majestically staring out across the desert, seemingly since time began.

This tour is intended for those of you who want to visit the two temples of Abu Simbel: the Great Temple of Ramses II and the temple of his first wife Nefertari. The site is located 280 km south of Aswan. Please note that convoys leave twice a day from Aswan to Abu Simbel

The Abu Simbel Travel becomes easier and comfortable if you plan it according to your exigency. The city has only two major sites of attraction for which the travelers may feel that very less time is required. But in reality, the Abu Simbel Tours require one entire day to see both the sites completely.

First the travelers are taken to the temple of Ramses II and then to the smaller temple which Ramses had built dedicating it to his favorite wife Nefertari. The beautiful architecture and the folklores and stories attached to them are wonderful. If you are on guided tours to Abu Simbel, then the guide will explain each and every inscription within the temples and enhance your knowledge.
